HEAVY DUTY TILE & STONE CLEANER TECHNICAL APPLICATION GUIDE

DESCRIPTION

QUICK CLEANING POWER CLEANER

- Highly effective, dissolves & removes ingrained dirt, wax films, grease & oil
- Acid free formula
- Suitable on ceramics & natural stone
- Internal & external use

Heavy Duty Tile & Stone Cleaner is a professional heavy duty cleaner suitable for use on ceramic, porcelain and many other types of natural stone surfaces, including polished marble and limestone.

Heavy Duty Tile & Stone Cleaner contains a combination of soluble solvents and cleaning agents which are very effective in dissolving ingrained dirt, wax layers, grease and many other problematic stains or coatings.

DIRECTIONS FOR USE

- 1) Dependant on the stained or soiled area, Heavy Duty Tile & Stone Cleaner can be used neat for removing waxes / coatings or diluted up to 10 parts water to 1 part for heavy soiled areas.
- 2) Pre-wet the area with clean water before applying the cleaner to the soiled area. Allow the cleaner to dwell for approximately 15-20 minutes, not allowing it to dry on the surface.
- 3) After 15-20 minutes agitate with a stiff brush and clean water, scrub and rinse thoroughly with clean water. In cases of heavy soiling or staining, repeat the process increasing the cleaner concentration ratio if necessary.

Please Note: This product may cause damage to sensitive surfaces, protect these areas with masking material, i.e. painted or varnished surfaces etc. Always test the product in an inconspicuous area to determine suitability for intended use.

COVERAGE

Up to 25m² per litre

Dependant on dilution rate used.
