

Technical Datasheet – Crack Repair Compound

PRODUCT DESCRIPTION

Smartseal Crack Repair Compound is a fast drying super strong dry concrete mix (supplied in 3kg) that can be mixed with sealer to form a crack repair paste.

PURPOSE

Repair cracks and holes in concrete and tarmac.

SPECIAL PROPERTIES

- Can be swept in for thinner cracks or mixed with sealer for larger cracks
- Available in 20 colours
- Fast drying
- Super strong mix

APPLICATION INSTRUCTIONS

- For thin cracks, sweep in with a broom to ensure the product is within the crack
- You can then dribble sealer over to set rock solid or apply a coat of sealer
- For larger cracks, can be mixed with sealer to turn in to a paste and then trowelled in
- Apply with a natural hair broom

COVERAGE

Not available.

PACKAGING

Smartseal Crack Repair Compound is provided in a 3kg plastic container.

STORAGE

Kept in a dry place and out of direct sunlight. No expiry date.

HEALTH AND SAFETY

Refer to the Safety Data Sheet for further information.
