

## Technical Datasheet – Weed Killer Xtreme

### PRODUCT DESCRIPTION

Our new high-strength formula is even stronger now with the active ingredient Acetic Acid at 60g. The results can be seen in less than 24 hours. It delivers a rapid and effective solution to eradicate unwanted weeds on driveways, patios and paths. It is also ready-to-use so you can spray the powerful weed killing formulation straight from the container without having to dilute it. The **Xtreme Weed Killer** spray can target any unwanted weeds and once dry is totally harmless to pets or wildlife. It is the perfect solution for anyone looking to keep their garden and external hard surfaces weed-free, whilst avoiding the need for frequent back-breaking weeding or hiring a gardener.

### PURPOSE

**SmartSeal Xtreme Weed Killer** is a glyphosate-free formula that will kill undesirable weeds without the use of potentially harmful chemicals that can have a negative impact on the environment. It contains 60g per litre of acetic acid. Acetic acid is the main ingredient in most types of vinegar and over the years, has proven to be very effective against weed growth. It is frequently mentioned for this purpose in magazines and tutorials on gardening. Xtreme Weed Killer is a potent weed killing formulation utilising acetic acid, that is now recognised as one of the best and simplest solutions for controlling annual and perennial weeds.

### SPECIAL PROPERTIES

- Non-Hazardous
- Inhibits Regrowth
- Naturally Degrades In Soil
- Ready To Use With Spray Nozzle Included
- Bleach and Chlorine Free

### APPLICATION INSTRUCTIONS

Xtreme Weed Killer is very easy to apply spray. The best time of the year is generally in the spring with repeat applications as and when is necessary over the summer and autumn seasons. Just apply on a dry day when no rain is forecast for 4-6 hours after application. The natural weed killer will dry within 20-30mins. It is best to wear protective gloves during the application process but its not absolutely necessary as the product does not contain the many harmful chemicals found in other readily available weed killers.

### COVERAGE

Covers up to 30m<sup>2</sup>

### PACKAGING

**Smartseal Weed Killer Xtreme** is supplied in 5 litre plastic containers with an application hose.

### STORAGE

If it is unopened and subject to storing in the correct conditions, the primer has a shelf life of 12 months from the date of manufacture. Use within 3 months of opening. Store upright above 5 degrees centigrade in original containers, out of direct sunlight. Do not allow to freeze. Keep out of reach of children.

### HEALTH AND SAFETY

Weed Killer Xtreme is non-toxic and non-flammable. It is recommended safety glasses are worn. Do not smoke. Keep application area well ventilated. Wear PVC gloves and avoid contact with skin.
